**MKULTRA**  
The report on MKULTRA subproject 94 issued in October 1960 read: "Initial biological work on techniques and brain locations essential to providing conditioning and control of animals has been completed. The feasibility of remote control of activities in several species of animals has been demonstrated. The present investigations are directed toward improvement of techniques" (archives déclassifiées de la CIA en ligne sur <http://www.intellect.org/mkultra/>)

**neurophone (Patrick Flanagan, 1958)**  
The device converts sound into electrical impulses that propagate along the skin into the brain. (source : <http://www.geocities.com/CapeCanaveral/Campus/2289/webpage.htm>).

**SILENT HYPNOSIS, VOICE-FM COMMERCIAL METHOD**  
Altered States Ltd commercial site clearly demonstrates the very thin line between "subliminal learning" using "Voice FM" and "ident hypnosis" as experienced by involuntary experimentees. The reader is invited to scan the sample phrases from these so-called "learning tapes". Whether it's "learning" or "hypnosis" is left for the reader to decide.

**Psychotronic Influence System (PIS)**  
during the 1970s the Soviet KGB developed a Psychotronic Influence System (PIS). Used to turn soldiers into programmable "human weapons". The system employed a combination of high-frequency radio waves and hypnosis. The PIS project was begun in response to a similar training scheme launched in the US by President Carter, according to Yuri Malin, former security adviser to USSR President Gorbachev.

**Moscow Academy of Medicine/Igor Smirnov**  
device which was capable to subliminally implant thoughts in peoples minds and in this way control their actions; the Soviet Army's special Forces used the technology during the conflict in Afghanistan.

**top-secret project Bonfire (1989)**  
damage the nervous system, alter moods, trigger psychological changes and even kill (William J. Board, Judith Miller: "Defector tells of Soviet and Chinese Germ Weapons, April 5 1999, The New York Times)

**top-secret project Bonfire (1989)**  
"In Kiev (and this is serious) the mass production ... of psychotronic biogenerators was launched. I can not assert that during the coup d'état exactly the Kiev generators were used... All the same the fact that they were used is evident to me. What are the psychotronic generators? It is an electronic equipment producing the effect of guided control in human organism. It affects especially the left and right hemisphere of the cortex. This is also the technology of the US project Zombie 5. Similar work is done in the Soviet Union (especially in Kiev in the Institute for the Research of Materials). The laboratory of one of its sections is located in the living quarters of the city. There are located biogenerators produced by the Octava factory. I am drawing on my personal experience and I can tell that I am myself the author of the model of such a generator. I completed my work in August 1990... Why the system failed in the days of the putsch? The putschists, having no experience, did not know, that to get the desired reaction the brainwashed soldiers must not be allowed to mingle with the crowd in the streets" (Victor Sedeski, vice president of the League of Independent Scientists of the USSR, director of the Institute for the Research of Materials, "The Authors of the project Zombie Discovered in Kiev", 1991 August 27, Komsomolskaya Pravda)

**generator "Radioson" (Radiosleep)**  
On January 31, 1974 this generator was registered by the Government Committee of the USSR on the Matters of Inventions and Discoveries under the description "Method of Inducing the Artificial Sleep by Means of Radiowaves". In 1973, in the military unit 71592, in the city of Novosibirsk, the first installation of "Radioson" was created and preliminary approbation was carried out. With the generator Radioson a city of an area of 100 square kilometers could be put to sleep. (source : <http://www.geocities.com/CapeCanaveral/Campus/2289/webpage.htm>)

**low frequency square wave modulation of a radiofrequency field LIDA**  
developed by L. Radichev designed for the treatment of neuropsychic and somatic disorders, such as neuroses, psychoses, insomnia, hypertension, stammering, bronchitis, asthma, and asthenic and reactive disturbances". The North Koreans used it as a brain washing device during the Korean War (source : <http://www.raven1.net/uncom.html#RPLA>)
